Overview Trainings

Well trained and professional personnel supports keeping a high quality standard, in continuity.

EQSC, in addition to its **Certification** and **Auditing** activities, provides organizations with professional **Training** in different programs: **Person Certification Programmes**, **Qualification Programmes** and **Online Courses**.

Some of these **programmes EQSC** is offering in collaboration with its partner **Quality Austria**.

The topics encompass a wide range of trainings for different activities and sectors:

- Trainings on Requirements of the Management System Standards ISO 9001, 14001, 20000, 22000, 27001, 39001, 50001, OHSAS 18001, etc.
- Training for recognition as AUDITOR (in accordance with ISO 19011)
- Training on Albanian Legislation (food safety, environment, occupation health and safety, etc.).
- Training on topics such as: Organic Standards (national/international standards), EU Geographical Indications.
- Training in-house, adapted to client's need.

In addition to companies, independent professionals can find opportunities to broaden their skills and the breadth of their domain of activity, thanks to our specialized professional courses.

The portfolio of our **Training Program**, presented in the following pages, is composed of Courses related to:

- *Quality*
- *Environment*
- *Energy*
- *Occupational Health & Safety*
- *Food Safety*
- *Road Safety*
- *Information Security*
- *IT Service management*
- *Business continuity*
- *Risk management*
- *Excellence*
- *Laboratory*

For each training, in this brochure is given the **potential dates** and the respective **Total Fees without VAT**.

The validity of the **Training Certificates** issued by **EQSC** is mostly **3** years.

Career without borders

Quality Austria upon successful completion of the examination and submission of proof of practical experience, provides the candidate with the certificate Quality/ Environmental/ Safety **System Manager**.

Quality Austria is also authorized to issue **EOQ certificates**.

When applying for international & national jobs **European Organization for Quality EOQ Certificates** can be an effective help (www.eoq.org). Certificates of EOQ are valid in almost all European states and correspond to state-licensed diplomas.

Additionally to the Quality Austria certificates, the EOQ Quality / Environmental / Safety System Manager certificates can be issued on request – EOQ fee will be charged in accordance to EOQ regulation.

Courses: Quality Management Systems

EQSC Training Curricula offered for QMS

Subject	Number of days	Tot Fee €	2018 dates	
Requirements of ISO 9001:2015	2	400	5-6.02	10-11.09
Internal Auditor	4	800	6-9.03	25-28.09
Lead Auditor	5	1000	19-21.03 & 23-26.03	1-5.10
